## HOW IT'S USED

**Dilution:** depending on use  
**To clean all surfaces:**  
 Dilute 1:10 to 1:20 and apply to the surface. Leave to act for a few minutes then clean with a single-disc professional cleaner or a scrubbing brush. Vacuum or wipe up dirt and then rinse with plenty of water.  
 For a deeper clean, dilute to 1:5.

 Pour undiluted directly onto the mark and over the entire surface of the tile. Allow to dry completely, then wash and rinse.
